X-ray service interruptions in Logan Lake and Ashcroft

LOGAN LAKE/ASHCROFT – Logan Lake and Ashcroft area residents are advised that non-emergency medical imaging services may be temporarily unavailable at the Ashcroft Hospital and Community Health Centre and Logan Lake Health Centre in the months ahead due to limited technologist staffing.

Patients requiring these services will be directed to alternate locations when local service is not available:

Royal Inland Hospital – 311 Columbia Street, Kamloops

Hours: 7:30 a.m. to 10:30 p.m. Monday to Friday.

No appointment required.

Nicola Valley Hospital - 3451 Voght Street, Merritt

Hours: 8:30 to 6:15 p.m. Monday to Friday. 10:15 a.m. to 3:45 p.m. Saturday

Book an appointment by calling 250-378-3287

Interior Health reminds people that anyone requiring emergency care should call 911.

Our priority is to support people across the region with access to medical imaging services. We are actively recruiting for additional medical imaging technologists to support services in all our communities, including those in Logan Lake and Ashcroft.

We regret this change to normal services and will update the community when more information is available.
