

Completing the Grade 6 School Immunization Consent Form

Students and their parents / guardians / representatives are encouraged to discuss consent for immunization together.

Read the following resources:

- [Grade 6 Immunizations in B.C.](#) HealthLinkBC file
- [Grade 6 Catch-up Immunization](#) resource
- Other immunization information (if included)

On the 'Consent for School Immunization' form:

- Check the name, address and any other personal information to make sure it is correct and add any missing information.
- Read and complete the Parent / Guardian / Representative Section on the **front** of the form.
- Review the Immunization History on the **back** of the consent form. If the information in this section is not up to date and your child has received any vaccines outside of Interior Health Public Health, please provide a copy of your child's immunization record to your local health centre. A copy can be attached to the consent. Visit <https://immunizebc.ca/immunization-basics/immunization-records> for tips to locate immunization records.

Consent for immunization is valid for 2 years, unless you cancel it. Refusals are reviewed regularly and vaccines may be re-offered then or as part of a public health response.

Your child will get a record after their immunizations. Students can access their immunization records through Health Gateway: <https://www2.gov.bc.ca/gov/content/health/managing-your-health/health-gateway>

If you have questions call your local health centre listed on the back of this form or visit <https://immunizebc.ca/>
